MASSACRE IS WORST

Graphic Tale of Horrors  
Told by American

NOT ABLE TO STOP

Disorders and Appeals of

With Refusal.

Local Officials Sending Aid  
to Moslems in All Pos-  
sible Ways.

Constantinople, April 27.—Abdul Hamid II. has been deposed as sultan of the Turkish empire. Mehmed Reshad Effendi, his brother, will be proclaimed his successor, probably by 3 o'clock this afternoon.

The deposition will be through the regular form. It is understood that Sheikh-ul-Islam, the head of the church will issue the decree of deposition.

The news of the deposition of Abdul Hamid and the selection of his brother to succeed him caused great excitement throughout Constantinople. Crowds at once began to gather in the principal squares and the thoroughfares and around the imperial palace of Yildiz in anticipation of the proclamation of a new sultan.

London, April 27.—A despatch received here from Constantinople says rumors are current in the Turkish capital that Abdul Hamid is dead. The troops who are said to have taken him from the place last night found him unconscious on the floor in a room of the palace.

St. Petersburg, April 27.—The Russian government is far more anxious over the occurrences in Asiatic Turkey than over the political events at Constantinople for it is feared that the plotting and massacring east of the Bosphorus may bring about the necessity of foreign intervention. This question has not yet been raised, but there is nothing to guarantee that it will not come up in the immediate future. According to the latest advices received here from Constantinople it would appear that the adherents of the old regime in Turkey are determined to continue the struggle. Seeing no chance of success in Constantinople they are kindling racial passions in Asia Minor and thus creating serious danger to Europeans in the belief that foreign ships will be forced to land detachments on Turkish soil, particularly if the massacres at Adana and elsewhere can be continued.

Adana, but the central government is naturally affected by unsettled conditions in Constantinople. Consul at Mersina also cables that he has made strong representations to authorities, asking for the protection of Americans at Hadjin.

Constantinople, April 27.—Mehmed Reshad Effendi was proclaimed sultan of Turkey at half past two o'clock this afternoon in succession to his brother Abdul Hamid II.

Mehmed Reshad Effendi was proclaimed as Mehmed V. Among those who have been arrested under orders of the military dictatorship are Prince Sabah Eddine, a nephew of the sultan and all the members of his family. The prince has been a leader of the Young Turk party and his apprehension is taken to mean that he has fallen under suspicion.

Constantinople, April 27.—The following account of the disorders at Adana has been received here by telegraph from Rev. Herbert Adams Gibbons, a missionary:

"The entire vilayette of Adana has been visited during the past five days by a terrible massacre of Armenians, the worst ever known in the history of the district. The terror has been universal and the government is powerless to check the disorders. Adana, the capital of the province has been the storm center.

"Conditions have been unsettled for some time past and there has been animosity between Turks and Armenians owing to the political activity of the latter and their open purchasing of arms.

"Early last Wednesday morning, while I was in the market, I noticed that the Armenians were closing their shops and hurrying to their homes. An Armenian and a Turk had been killed during the night and the corpses were paraded through their respective quarters. The sight of the dead inflamed the inhabitants and crowds at once began to gather in the streets armed with sticks, axes and knives.

A few young Armenians assembled in the center of the covered market and began firing revolver shots in the air. By eleven o'clock in the morning the crowd had begun the looting of shops. The military commander of Adana was by my side in the market when the firing commenced. He had not the courage to endeavor to disperse the mob; he returned to his residence and did not venture out for two days.

"William Chambers, field secretary of the Young Men's Christian Association, and myself, proceeded to the Kouak and found a howling mob demanding arms with which to kill the Gladiators. We then went to the telegraph office to summon the British consul. On the steps of the building we saw three Armenians who had been massacred. Their bodies had been mutilated. While we were in the telegraph office a mob burst into the room and killed two young Armenians.

"We managed to make our way into the next room, where we made representations to the Wali. This official said he could do nothing. He was afraid of his own life and he made no attempt to protect us.

"That afternoon the situation grew worse. The Armenians withdrew to their quarters of Adana which is situated on a hill and converted their houses, that held advantageous positions into fortresses. Here the fighting went on for two days, during which the Armenians succeeded in beating off their Turkish assailants.

"Adana was a hell. The bazaars were looted and set on fire. There was continuous and unceasing shooting and killing in every part of the town and fires raged in many quarters.

"Moslems from the neighborhood began pouring into the city, and notwithstanding our vehement protests the Wali distributed arms to these men alleging that they were Turkish reserves.

"On Friday the Armenians yielded since when there had been but little murdering. Adana is in a pitiable condition. The town has been pillaged and destroyed and there are thousands of homeless people here without means of livelihood. It is impossible to estimate the number of killed. The correspondent says they are scattered throughout the streets. Saturday when I went out I had to pick my way among the dead to avoid stepping on them. Sunday morning I counted a dozen cart loads of bodies being carried to the river and thrown into the water. In the Turkish cem-

eteries graves are being dug by the wholesale.

"The condition of the refugees is most pitiable. There are thousands and thousands of widows and many women are dead and injured.

"The situation in Adana itself is unspeakable."

Constantinople, April 27.—There was a fresh outbreak of fanaticism and murder last night at Adana accompanied by looting and incendiarism. The situation there is critical.

London, April 27.—A despatch received here by the Exchange Telegraph Company from Constantinople, says that troops under the command of Young Turkish officers entered the sultan's palace last night and took his majesty a prisoner. Later closely guarded he was removed to the Chergoran palace on the Bosphorus.

Constantinople, April 27.—It is reported here that the sultan has been removed from the imperial palace of Yildiz and conveyed across the Bosphorus to a point in Asiatic Turkey.

SEQUEL TO ELOPEMENT.

Sevierville, Tenn., April 27.—John Thompson, aged 20, was shot and perhaps fatally wounded today by George Patterson with whose daughter it is said Thompson was attempting to elope.

SENATOR MCCARREN

Long Time Speculator is  
Shown Wrinkle He  
Didn't Know.

BROKER'S WIFE  
TURNS FORTUNE

Over to Receiver to Help  
Pay Indebtedness of  
Her Husband.

New York, April 27.—Although a speculator in Wall street for many years, state Senator McCarren of New York has learned something he did not know before about high finance. When a receiver for the defunct brokerage firm of Ennis & Stephens called on him for a settlement of his account of \$450,000 the senator said he would pay the amount if the receiver returned to him 2,500 shares of Amalgamated copper and 2,000 shares of B. R. T. and 50 shares of Rubber first preferred. The receiver was unable to find this stock, as it had long ago been disposed of in the market. But accepting McCarren's offer the receiver went into the market and purchased the required stock at about \$100,000 less than the similar shares had originally cost McCarren. He thereupon traded the shares for McCarren's check for \$450,000.

On being questioned by the receiver as to any assets of the firm of which she might have knowledge, Mrs. Thomas A. Ennis, wife of the head of the firm, expressed her willingness to turn over to the receiver all of her private fortune to pay creditors.

## THEIR SEARCH

FAILED TO PROVE MRS.  
BOYLE THE WIFE  
OF ANOTHER

Hence Attorneys for State  
Are Not Certain of  
Holding Her.

BOYLE THINKS  
HE IS SLIGHTED

And That Too Much Atten-  
tion is Being Given  
Wife's Case.

She Denies Saying That  
There'd be H—ll When  
Buhl Hears.

Mercer, Pa., April 27.—Attorneys for the prosecution of Mr. and Mrs. Boyle, in the Whittie kidnapping case are said to be disappointed over the result of the trip of their detectives to Chicago and Indianapolis in search of evidence to prove that the woman is not the legal wife of Boyle. Marriage records in several cities have been searched in an effort to establish the woman's matrimonial status and to determine whether or not an indictment as a "splitter" will stand.

Boyle and his wife both talked with an Associated Press representative today. Boyle seems indignant because of the attention given to his wife's case and declared he is being neglected. He seems to think an effort is being made to rush him to the penitentiary and is in a state bordering on desperation.

Mrs. Boyle denied the statement attributed to her at the time of her arrest that "there will be hell in Sharon when Buhl hears of this." She says her words were "there will be hell in Sharon when the Boyle's hear of this."

THEY LISTENED  
TO HIS ADDRESS.

Washington, April 27.—"Mr. President, I do not wish the senate called to order," said Senator Scott, upon beginning his speech on the tariff today, when Vice-President Sherman undertook to maintain quiet in the chamber. "I do not expect this argument to change a vote," added Mr. Scott, "and consequently I am entirely indifferent whether senators retire to the lobbies or indulge in conversation, because I do not care whether they listen to my remarks or not."

"The chair does care," replied Mr. Sherman.

## BANKER FOUND IN BUENOS AYRES.

Cleveland, April 27.—Antonio Bonelli, Italian banker, was found guilty of embezzlement in common with his wife, in a suit brought by the Bank of Italy, a private bank and steamship agency. He is alleged to have absconded with \$30,000 entrusted to him by various Italians to be sent back to their relatives in Italy. Bonelli was found in Buenos Ayres, South America.

## DRUGGIST MAKES COSTLY MISTAKE.

New York, April 27.—Edward F. Miller, a druggist in the Bronx, will have to pay Mrs. Edith Dreyer \$300 and her husband \$400 for doctors bills and medicine. Mrs. Dreyer ordered Miller to fill prescriptions two years ago, one for emet and the other for Iyolol a poison. In court she proved that he filled both bottles with Iyolol. As a consequence she claims she was made ill and has not fully recovered. She asked for \$10,000 damages.

## JUDGE C. KOHLSAAT

Thoughtlessly Told a Story  
That Brought Grief  
to Listener.

## DOUBLE SORROW WAS REVEALED

By Him to Adlai Stevenson  
While Seriously Ill  
in Hospital.

Chicago, April 27.—A pathetic story of Adlai E. Stevenson's illness at a hospital here has just come to light. During the time the former vice-president lay ill from the effects of an operation, his sister, Mrs. E. S. McCaughy, of Sioux City, Iowa, died, and ten days later his brother, William W. Stevenson, of Bloomington, Ill., also passed away. Fearing the effect of this news upon the patient's mind and fearing more the danger of accidental disclosure, his Chicago friends decided to send for his wife and to have her tactfully tell him of one of the deaths. When he recovered from the shock of this, it was decided he would be informed of the other.

Mrs. Stevenson arrived Sunday morning and performed her delicate task telling her husband only of the death of his brother. In the afternoon Federal Judge C. C. Kohlsaat visited the distinguished patient but his conversation could not draw the mind of the afflicted man from his grief. Mr. Stevenson spoke to the judge of the great blow that the news of his brother's death had been to him. Supposing the sick man knew of both the deaths, Judge Kohlsaat remarked: "Yes indeed it must have been a severe shock coming so soon after the death of your sister."

## MAYOR

Of Chillicothe Forbids Parade of  
Women and Children.

Chillicothe, O., April 27.—Mayor Wallace D. Yapple has prohibited by proclamation the parade announced by non-voters of this city, composed largely of the church women and Sunday school children of this city which was to take place Tuesday afternoon. The parade is under the auspices of the local option committee in charge of the contest of the "drys" against the "wets."

## TOWNEY READY TO PROVIDE FUNDS.

Washington, April 27.—Representative Tawney, chairman of the house committee on appropriations talked with the president today about the latter's plans for an extensive tour through the west late this summer and at the conclusion of the interview said he would place a bill before the house appropriating \$25,000 for the president's traveling expenses during the coming fiscal year. Mr. Tawney said a false impression had gotten abroad that he was opposed to such a measure. He said he did not know until today definitely that Taft desired to go west in the summer and to take a run up to Alaska. No president of the United States has ever visited Alaska and Mr. Taft is anxious to learn at first hand just what conditions are in that far northern territory.

## PROHIBITION LIFTED.

Springfield, Ills., April 27.—Governor Deneen on the recommendation of the state board of live stock industries today annulled the proclamation which prohibited importation of live stock into Illinois from New York, Pennsylvania and New Jersey. The proclamation was issued some time during the prevalence of the foot and mouth disease.

## JURY COMPLETE FOR HAINS TRIAL.

Flushing, N. Y., April 27.—The jury for the trial of Captain Peter C. Hains, Jr., for the killing of William E. Aunis, was completed at the afternoon session of the court here today.

## AUTO SCORCHERS UP AGAINST IT.

Hammond, Ind., April 27.—The police of this town have devised a new plan to quench the ardor of the auto scorcher whose favorite stretch for speed is Calumet avenue. Midway along this thoroughfare a field telephone will be installed and worked by an officer who will send information to the farthest end of the approach, of a violator of the speed ordinance. Here will be established a water gun with a three inch nozzle and 100 pounds pressure to the inch. It is claimed that on the refusal of the chauffeur to stop when ordered, a stream will be turned on him with a force sufficient to life him out of the machine without inflicting serious injury.

## MOURNS DEATH OF HER INTENDED.

St. Louis, April 27.—Instead of being a bride today Mrs. L. E. Stone, who was to marry Albin H. Little this afternoon, is mourning his death. Little was killed last night by a street car while he was on his way to the home of Mrs. Stone for his last antenatal call.

## TWO MORE ADDED TO LIST OF DRYS.

Indianapolis, Ind., April 27.—White and Jackson counties were voted "dry" yesterday, making a total of 44 counties won by the Anti-Saloon league under the local option law. In Jackson the temperance forces expected a majority exceeding 1,200, but won by only 350. The city of Seymour, with 25 saloons, was "wet" by 105. There were no saloons outside of Seymour. White county, already "dry" was carried by the anti-saloon forces by 800. No opposition was offered by the "wets." One of the greatest fights between the rival forces will reach a climax in Delaware county today. The "drys" are counting on a majority of 1,500, while the "wets" expect to have a victory half that large.

## ADEL IS SURE

SHE FOUND HERSELF  
AND WILL SAVE  
HER PAPA

The Five Thousand Dollars  
Reward Offered for  
Her Return.

IN BOSTON PAPER  
SHE READ NOTICE

And Immediately Hiked Out  
for Gotham Imbued  
With Economy,

And to Prove Her Claim  
New York, April 27.—Claimants for the \$5,000 reward offered by Alfred E. Boas, the rich manufacturer for the finding of his daughter Adel, are already appearing in numbers. It is not probable, however, that the reward will be paid as the girl, who returned to her home yesterday afternoon, declares that she found herself; that when she found in the Boston newspapers that her father had offered a reward, she determined to save him that expense and started on her way to New York. Possible claimants of this reward are Miss Upton, of Charlestown, Mass., in whose restaurant Adel worked one day, and who notified the New York police of her suspicion as to the girl's identity; Adolph J. Hoelscher, a Boston book binder, who recognized her at the railroad station in Boston while she was waiting for a train for New York, and whom she repulsed, and various detectives who intercepted her on the Boston express enroute to New York.

At every station the train stopped, professional and amateur detectives boarded it, and while the girl evaded some of them by assuming a dialect and otherwise denying her identity, others quickly picked her out as the missing girl. The offering of the reward was a powerful incentive to find her. Mr. Boas contends that no one found the girl and returned her to her home, but that she, on discovering the annoyance she had caused, and desiring to save her father the additional expense, had started for her home, and paid her own railroad fare.

## EX-CONGRESSMAN BABCOCK DEAD.

Washington, April 27.—Former Representative Joseph Babcock, of Wisconsin, who was a member of the lower house of congress and for many years chairman of the republican congressional committee, died at his home here today. He was 59 years old.

## MRS. WILDER

Wants Real Old Fashioned Marriage or None.

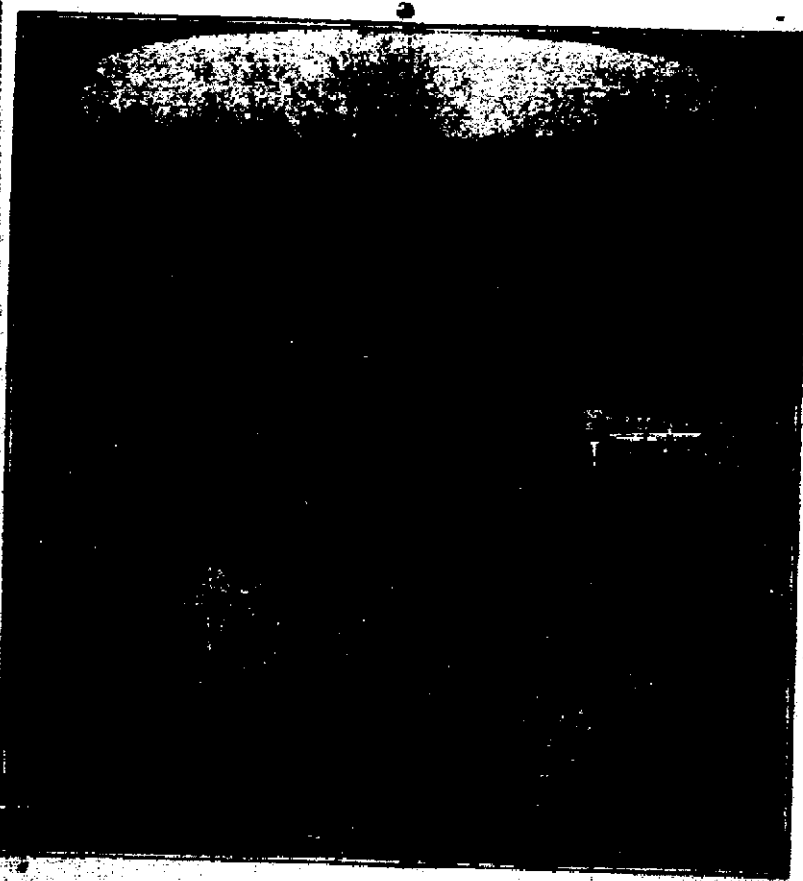

Springfield, O., April 27.—Mrs. Carrie Howell Wilder, a society woman of this city, returned home today after an ineffective effort to secure a reconciliation with her husband at Dayton, Florida, the Rev. A. J. Wilder, former rector of the Heavenly Rest Episcopal church here. Mrs. Wilder says she will seek a divorce declaring her husband insists upon their maintaining a spiritual marriage. "I lived with Mr. Wilder fifty days," said Mrs. Wilder today, "but never as his wife. He called it a spiritual marriage, but that is not the kind of a marriage I wanted."

## Mr. Wilder refused to see me in Dayton," said Mrs. Wilder.

**A SMOOTH COON.**  
The story of the negro who was  
recently arrested in St. Louis for a  
criminal offense, and when arraigned  
dramatically stated that his down-  
fall, and that of the negro race, was  
always due to "super education," has  
been spoiled.  
In support of his claim he declared  
himself to be a graduate of Yale, and  
that what he learned there furnished  
the avenue through which he was led  
to stray from the straight and narrow  
path.  
That made educators sit up and  
think and editors write columns after  
columns in discussion of sociological  
and educational problems with the  
colored race as a basis.  
And now it develops on investiga-  
tion that Mr. Negro never attended  
Yale or any other institution devoted  
to imparting way up educations, and  
all the sounder and more he pulled  
out of editorial bands and preachers,  
especially those down south, have  
been for naught. He was only a  
smooth colored fellow, who had a  
clever idea of how to start a lot of  
yellow journalists, and without re-  
gard to what its effect might be on  
his own race.

The town of Tarsus, near the

was small. But Paul of Tarsus had  
it suddenly driven home in his mind  
that the Christian message was the

is entitled to hold the office.  
Governor Harris appointed

decision upholds the contention  
that Governor Harris had the  
right to make the appointment.

**The Most Effective, Certain  
Cure for Constipation  
Ever Found is CERENA**  
A Cure for all Stomach Disorders, and  
A Delicious Food As Well  
JUST quit taking medicine for constipation. Quit; no  
cathartic, pill or powder ever cured constipation, or ever  
will. Pills, powders and cathartics will move the bowels,  
but you know that after every dose, your bowels are in worse  
condition than they were before. They can't cure constipa-  
tion and everybody knows it. They've had to take to the  
pillbox because no better constipation treatment was found.  
Now, there is no more excuse for pills. There is a cure,  
a certain cure, and the cure is **CERENA**. **CERENA** is a delicious food and tissue  
builder as well as the only certain treatment for constipation, indigestion and  
biliousness. Let your food cure you! Your long-lived, clear-headed, consti-  
pation-less 85-year-old grandfathers did it. Why don't you? It was the food  
they ate that made them well and kept them well. It is the food we don't  
eat that keeps us sick, thick-thinny and weary.  
**CERENA**, though a remarkable remedy, contains no medicine, no drugs; it is  
made of the most nutritious, selected cereals, combined in a clever way with  
the essences of life-giving fruits and vegetables—a combination which has  
never been equaled by any treatment so far known, for the positive cure of  
constipation, indigestion, fermentation, dyspepsia, lazy liver and bilious-  
ness. You will positively be surprised at the natural effectiveness of  
**CERENA**. You'll forget you ever had lazy bowels.  
Do you know that the majority of diseases arise from self-poisoning through constipa-  
tion. The first thing your doctor asks you is "how are your bowels?" He has a reason.  
Constipation is poison, that's the reason.  
**CERENA** will give you a head that is clear, a face that is rosy, a liver that works, and a  
body clear. **CERENA** will do it. A remarkable remedy and a delicious food. Fit  
for a king. Serve it to the whole family; they'll relish it.  
Get a package of **CERENA** today, at your grocers. It will cost you 25 cents only,  
and you will soon say no 25 cents you ever spent was so well invested.

The members of Lima Camp Mod-  
ern Woodmen are planning a strenu-  
ous campaign for the next six weeks,  
and if their hopes are realized it  
means a great increase in their  
membership.  
At present the camp numbers 450  
members, and a special effort will  
be made to increase this to 700 by  
the 14th of June, when a big meeting  
will be held. At a sort of preparatory  
meeting last night plans were ma-  
nifested for the campaign. Over one  
hundred members came out last  
evening and after the business a so-  
cial session, with ice cream and cake  
for refreshments closed the evening.  
It was decided that every man  
who gained a new member should  
receive \$2 from the lodge funds. Be-  
sides a pretty Modern Woodmen  
clock. In addition another offer  
was made by Clerk W. T. Copeland  
and Deputy Isaac Stantz. If the re-  
quired number is added to the roll  
by the date mentioned these two  
gentlemen will be hosts at a chicken  
supper, which will be given to the  
entire lodge, and which will be an  
event not soon forgotten in the an-  
nals of the organization.  
Visitors were present last night  
from Dayton, Columbus, Circleville  
and Bluffton.  
**IMPOSSIBLE TASK**  
Imposed Upon Traction Cos.  
by Commission.  
Traction passenger officials in this  
state are somewhat disturbed, and  
at the same time amused, as the re-  
sult of an order just issued by the  
state railroad commission, which  
provides that all electric traction  
lines must file with the commission  
not later than July 1st tariffs show-  
ing the rate of fare from every stop  
to every other stop on the line or  
system, together with the distance  
between each stop and every other  
stop.  
To the untold this may not  
appear to be an unusual or an un-  
reasonable requirement, but when  
the labor entailed in the preparation  
of such a tariff is contemplated it  
becomes evident that the members  
of the state commission themselves  
certainly did not appreciate that a  
compliance with this order is prac-  
tically a physical impossibility.  
W. C. Whitney, general passenger  
agent of the Ohio Electric, who re-  
ceived the circular order a few days  
ago, has done some calculating in an  
effort to find a way of complying  
with it, and he has submitted to the  
commission some of the results of  
his calculations, together with the  
conclusions he has arrived at as to  
the consistency, practicability and  
reasonableness of the requirement.  
He is awaiting further advice from  
the commission.  
Mr. Whitney finds that there are  
on the various divisions of the Ohio  
Electric in this state 1,000 designat-  
ed and corporations. To compile the  
tariff for these as ordered it would  
take one man working constantly  
eight hours a day every working day  
over two years. Added to this he  
estimates that at least four or five  
months would be consumed in the  
typesetting, proof reading, correcting  
and printing. At this rate it would  
be necessary in order to have the  
tariffs ready for them to be filed  
with the commission, to employ 12  
expert rate clerks. By constant work  
they could compile the tariff in two  
months, but it would not be ready  
for filing for at least four months  
later.  
It is estimated that the clerical

which there have been three, were all  
given at St. Johns hall, but the in-  
creasing confidence of the members  
and the large crowds which always  
attended made the use of the larger  
stage and better facilities imperative.  
The new play is called "My Lady

Dominion Coal Company has refused to  
recognize the miners' union:  
"The United Mine Workers have  
no quarrel with the Dominion Coal  
Company. The miners of Nova Scotia  
decided voluntarily to become af-

statement coming from the employers  
in the mining industry either in Can-

## GRAND JURY RETURNED TWELVE INDICTMENTS

**Frank Rodgers Charged  
With Murder in the  
Second Degree.**

**GEIGER AND BEAM  
JOINTLY INDICTED.**

**Latter Indicted Individually  
on Three Separate  
Charges.**

### GRAND JURY REPORT.

Frank Rodgers—Murder in the second degree.  
Christian Geiger and John W. Beam—Burglary and larceny—two indictments.  
William Bunnell—Arson.  
Robert Emerling—Robbery.  
John W. Beam—Burglary and larceny.  
John W. Beam—Obtaining property under false pretenses.  
Ray Diehl—Abandonment.  
Three secret indictments.

The Allen county grand jury filed its initial report at 11:40 o'clock this morning, after being in session for six days. The body adjourned to meet June 1st.

During the sessions, the grand jury examined 163 witnesses, covered 42 cases, and 13 true bills were returned. A special report was made last week, when indictments were returned against Christian Geiger and John W. Beam, on the charge of burglary and larceny, presumably in connection with the Yoakum robbery case. These indictments are included in the report filed Tuesday.

The most important case considered was that of Frank Rodgers, against whom an indictment for second degree murder was returned. Rodgers came to Lima several weeks ago in company with Daniel Williams, with whom he had been work-

ing as a timber cutter, near Bellefleur. About a week on that Saturday evening, Williams was discovered lying on the sidewalk at the corner of Spring and West streets with a knife wound in his neck, which resulted in death a few moments later.

While the sheriff and other officers were engaged in trying to locate the man who had perpetrated the deed, Rodgers went into the police station and asked for a night's lodging. He was recognized by Sergeant Bacone, as answering the description given of Williams's companion, and was placed under arrest. His shoes were muddy, and it developed rapidly

FRANK RODGERS.

ly that he and Williams were seen together a few moments before the murder occurred. At the coroner's inquest Rodgers identified the knife found near the scene of the murder, as one similar to the one he had carried with him when he arrived in the city.

Attorney W. T. Copeland, repre-

sented the defendant, waived examination in mayor's court and the defendant was bound over to the common pleas court with the result Tuesday, of an indictment for second degree murder.

Yokum Case. Included in the indictments returned Tuesday are two against Christian Geiger and John W. Beam, for burglary and larceny. These indictments were returned previously in a special report and are said to be in connection with the Yoakum case.

In this case four or five masked men entered the home of James Yoakum, in Shawnee township, and after binding the occupants of the house to their beds, proceeded to steal \$655 which was found in a trunk.

John Henderson and James Martin were captured the following morning at Deshler, in a B. O. boy car and after being indicted by the grand jury, entered a plea of guilty to the larceny charge and were sentenced to serve seven years in the penitentiary. Thomas Dillon was caught later at St. Marys, and indicted for the same crime, and he also entered a plea similar to the former two, and received the same sentence. The authorities were confident that there were more implicated in the affair, and further investigation, resulted in the arrest and indictment of Christian Geiger and John W. Beam, who gave \$1,500 for their appearance and were released.

Mr. Geiger is an old resident of the city and has in late years been engaged in the concrete and road construction business. He denies any knowledge of the crime with which he is charged, and claims that he has been the victim of blackmail, having produced two letters, copies of which were published in these columns, the one demanding money to silence the defense of Henderson and Martin and the other a receipt for \$25 signed by Thomas Sweeney.

John W. Beam, is a colored real estate broker and attorney, a brother of Dr. U. S. Beam. John W. Beam is jointly indicted with Mr. Geiger in connection with the Yoakum robbery, and he also enters a strong denial to any knowledge of the Yoakum affair.

Another Instance. However, the last report of the grand jury contains three indictments against John W. Beam, charging forgery, burglary and larceny and of obtaining property under false pretenses. It is claimed that the defendant obtained title to property owned by Alice Bollinger, of Albert street, under false pretenses, and that he entered her home, took a deed and forged the signature thereto.

Several weeks ago a suit was filed by Alice Bollinger against Beam, seeking to have a deed set aside, which she alleges was obtained through false pretenses. This civil action is still pending.

Arson Case. William Bunnell is indicted on the charge of arson, in connection with the burning of the Musser livery barn which burned to the ground Monday night of last week. The barn caught fire in the stable part of the building and no cause could be assigned for the origin. On Wednesday morning following the fire, William Bunnell called at the sheriff's office and stated to Deputy Bowser that he knew who set fire to the Musser barn. He claimed that an employee of the barns had done the act. Later in the day Bunnell told the deputy that he had committed the act himself, to spite Leo Wade, who had taken his place at the barn, when he was discharged on the day of the fire. Bunnell was intoxicated when he told the story, but not so much so that he did not know what he was talking about, in the opinion of those who saw him. Mr. A. R. Manhard identified Bunnell as the man he saw coming from the barn a few moments previous to the fire, and in spite of the fact that the prisoner denies any knowledge of the origin of the fire and denies the story told the deputy and others, it is evident that the prosecutor produced enough evidence to convince the grand jury. Deputy state fire marshal, W. S. Roebuck, was in the city several days investigating the case.

Robbery Case. Robert Emerling was indicted on the charge of robbery. Several weeks ago Emerling snatched a pocketbook from Mrs. William Alexander, as she was walking north on Main street near McKibben. As he started to run across Main street he failed to notice an interurban express car and was thrown to the ground sustaining severe injuries, which prevented his being arraigned. After he had recovered sufficiently he was arraigned and waived preliminary hearing, and was bound over to the grand jury, with the result of the above indictment.

Abandonment. Ray Diehl, bound over from Dempster's court on the charge of abandonment, was indicted. He is charged with abandoning and refusing to support his minor child.

Secret Cases. In addition to the above cases as described, there were three other indictments which are held secret for the present, but it is known that they are not of a sensational or very important nature. In one of the cases the party has not been placed under arrest, and the authorities desire to conclude the matter before making the same public.

Others Heard. Of the twenty cases heard, from which no indictments were returned, there are several which are a matter of record. William Murphy was bound over to the grand jury on the charge of taking a pocketbook from Nick Kelly, chef at the Sable restaurant, but his name does not appear in the indictments returned.

Ben Lutterbeck was sent up from mayor's court last week on the charge of stealing a cow about three years ago from James J. Jay, and he evidently escaped the list.

No indictment appears against Max Braun, proprietor of the Golden Hill liquor store, who was bound over on the charge of selling liquor to an intoxicated person.

Guy Curtis was bound over on the charge of assaulting one James Guinea but no bill appears against him.

Christ Graham, sent up from Justice Dempster's court last week on the charge of abandonment evidently occupied an affirmative vote of the jury.

No bill appears against William

## HOT SHOTS ABOUT RHEUMATISM AND RHEUMALINE.

Neely, who was held to the grand jury on the charge of abandonment.

Charles Kelly, William Turner and Mart Ryan charged with breaking and entering the Canaback school house, do not appear in the list of indictments.

A. I. Hurlburt, bound over to the grand jury from Dempster's court on the charge of obtaining money on false pretenses, arising out of the sale of a horse to Hoover & Son, also escaped indictment.

Another name missing of those bound over is that of W. A. Bennett, bound over on the charge of assault and battery filed by Emma Polick.

No indictment was returned against Charles Stanger, who was held on the charge of abandonment.

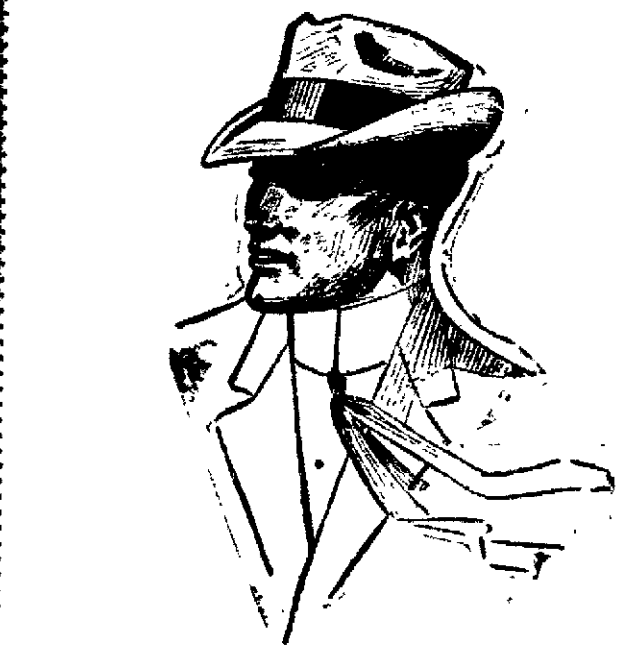

Special Report. Immediately before making their report the grand jury visited the county jail and sheriff's residence and reported the condition of the jail to be excellent, and that no law governing the conduct of the same

had been violated. In conclusion the report stated: "We further recommend that the county commissioners be requested to properly paper the hallways, kitchen and dining room of the sheriff's residence and place a new floor in the reception room of the jail."

#### TRIBE OF BEN HUR, NOTICE.

There will be a class of forty to imitate Wednesday evening. The degree team from Wapakoneta court will put on the work and also give their fancy drill. There will be a banquet after the meeting, and all members of Lancelotti court are invited to come and greet the brothers and sisters from Wapakoneta and Columbus Grove courts. Come and see the new galley and get acquainted with the new members as there has been nearly two hundred added since January 1st, and they are from the best class of people in the city.

You, Rheumatics, who have suffered for years, you are the people, we, the Hunter Bros. Drug Store, want to see. You can be cured. This is no idle boast. No matter what you think—no matter how many people you have talked to—no matter how much medicine you have taken—no matter how many health resorts you have visited—you can be cured. Understand, this is said, knowing absolutely what Rheumaline can and does do. Yours is not the only case of Rheumatism, but there are several in the country just like it and they have been cured by Rheumaline. Rheumaline does cure rheumatism, lumbago, sciatica, neuralgia, gout and kidney, liver, bladder, stomach and blood troubles caused by uric acid, and it does it quickly, effectively and infallibly. It does it without injury to the stomach or heart, and it contains not a single injurious drug or opiate. Our reputation, which has been established by years of honest and fair dealing, would not allow us to tell you a falsehood. Rheumaline Capsules relieve pain immediately, and Rheumaline Tablets only should be used when constipated. Remember Hunter Bros. Drug Store has the exclusive agency here on the Rheumaline Remedies, and you can't get them elsewhere. Get them at Hunter Bros. Drug Store.

## GENERAL

Washington, April 27.—The original manuscript of the Star-Spangled Banner has been located by the Francis Street Key Memorial association, which is endeavoring to secure preservation of it. While it is improbable that the owner of this precious relic, a Baltimore woman, will consent to permanently part with it, the association hopes to be able to borrow the manuscript to place on exhibition at the old key mansion in Georgetown, D. C.

**Tiffin and Lima Party Making Arrangements to Spend Five Weeks in Old Country—France, England and Scotland to be Visited.**

A number of young ladies from this city are making all arrangements to join four ladies from Tiffin, Ohio, and on July 17 will sail from Montreal, Canada, for a five weeks tour of the old country. Just who the ladies from this city will be cannot be stated at this time as the party is not yet complete. The party from Tiffin is composed of the ladies who recently won in the Tour-of-Europe contest which was conducted in that city and the Lima ladies are the ones who are now competing in the contest of the Times-Democrat. It is up to the public to select the Lima girls and as all are worthy young ladies you can make no mistake in assisting any of them.

Mont Clair, N. J., April 27.—E. H. Harriman, who owns 45,000 acres of land on the border between this state and New York, has informed Governor Fort that he will give the

providing the state can get possession of a balance of a tract of about 200,000 acres in that section which New Jersey desires to acquire as a park. The balance of the land is owned principally by the Hood and Hamilton estates. This announcement was made by the governor in a speech here last night in which he said that besides making a magnificent park of this property a reservoir could be built on it that would supply all the larger cities of the state with unlimited water.

**EXCAVATING BEGUN**  
On New Department Store  
of Newson-Hawisher Co.

An unintentional error was made yesterday in the statement that Sir George and Minster contractors had signed with the Deisel-Wemmer Company for the erection of a department store.

The contract was made with the Newson-Hawisher Co., for work on their large new department store, and the information given the office was incorrect only in the name of the firm.

All work on the new building and the remodeling of the old has been let and the excavating and all brick work, etc., will be done by Hall Co., of this city. T. R. Sleimers, St. Marys, has the remaining work under contract, and everything is going to be pushed to completion as speedily as possible. The excavating was begun yesterday with a large force of men at work, and all materials, etc., are ready so that there will be no delay of any kind on that account. The summer months will see the building ready for occupancy and all present plans are carried out.

## Erroneous Report Rife Con- cerning Condition of Memorial Hall.

**OTHER EXITS**  
**WILL BE MADE**

On Second Floor and Will  
Constitute Sum Total  
of Expense.

The simple fact that Memorial hall has been closed in order that some repairs can be made has been so distorted by varying reports that all sorts of stories are afoot concerning it. One is that the building has been condemned and that the large amount of money expended is tied up in the brick and stone that compose the edifice and that it will never be of any use to the people.

That the doors of Memorial hall are closed at present is strictly true, but only until additional exits can be cut from the balconies on the second floor. When the plans for the Memorial hall were made and accepted by the old New York city building law was in effect. Since that time the law has gone into effect and demands additional exits in case of fire or other panic. The visit of the state building inspector some weeks ago and his subsequent report at the state capital made this work imperative but it will not necessarily mar the looks of the interior, and will take but a short time to make the repairs needed.

On the first floor the inspectors say there are three times as many exits as a legally required and the fact that a new law would go into such speedy effect was not foreseen by architects, contractors or committee.

## SCHOOL BOARD

**MET IN REGULAR SESSION MONDAY EVENING.**

**Residents of Shawnee School District Attended Meeting.**

**STILL A DEFICIT IN THE SHOE FUND.**

**Needed Improvements to be Made at South Elizabeth Building.**

**Plans for Shawnee Building Changed to Fire Proof Idea.**

With members Wetherill and McClain absent, the board of education met in regular session Monday evening. The minutes of the last regular and special meetings were read and approved.

Contracts for electric light and power were presented to the board for signature which were referred to the law and contract committee.

A communication from the East Lima Improvement club, protesting against changing the site of the Shawnee school building was read. A committee of residents from that district attended the board meeting and were assured that the board had no intention of changing the site.

Superintendent Davison submitted the following report:

**Report of April 26, 1909.**  
The complete detailed report for this month can not be made before the end of the present week, when the principal's reports will be handed in. All that need be said at this time is that the work of the schools is moving on as well as could be expected with a considerable increase in attendance.

**Shoe Fund Collection.**  
The collections taken for the shoe fund on Friday, April 16th, at the different school buildings were as follows:

High School	\$10.87
Franklin	27.44
Garfield	6.80
Lincold	5.86
Washington	11.67
Lowell	15.08
Irvine	3.20
Whittier	2.05
Richardson	1.61
Emerson	.53
McKinley	1.76
Longfellow	1.27

Total from schools, \$89.14  
G. L. Newson, 1.00  
Mrs. A. Thrift, 11.00  
N. L. Michael, 2.00

Grand Total, \$93.14

In addition to the above amounts, contributions have been received from Will G. Williams, for the Sun-Murray company, since December 1st, 1908, to the amount of \$68.32, making a total sum of \$161.46. This with the \$296.23 available December 1st, 1908, makes a grand total for this year to date of \$457.69 expended for shoes for indigent pupils during the present school year up to this time.

It has been found necessary to purchase some 386 pairs of shoes thus far this year, and as the cost of the same is not less than \$500 at the lowest estimate, there is considerable deficiency remaining, and any further contributions will be gladly and gratefully received at any time. Special thanks are due, and are hereby extended, to those who have contributed to this worthy cause.

**JOHN DAVISON,**  
Superintendent of Schools.

**Lutheran College Matter.**  
The committee in charge of the Lutheran College proposition reported that no definite plan had been arranged, and was suggested by them that the General Synod of the Lutheran church be instructed to make a proposition to the board.

**Report of Finance Committee.**  
The finance committee reported the following bills for payment.

Upon motion of Mr. Dean an estimate of \$910.79 for the Buckeye Churn Co. be allowed, to be paid when the money is in the treasury from the sale of bonds.

In accordance with an order issued by the board of common pleas, the action of the board in transferring funds from the Tuition fund to the Contingent fund was ratified. Mr. Dean made a motion that Mr. Matthews be instructed to draw a sketch of changes necessary in the south Elizabeth street building, for a new heating system, and for toilet rooms and lavatory, which was carried.

Architect Mr. Laughlin reported that the Shawnee building could be fire-proofed at no extra cost, on plans which were approved.

Mr. Stoisensack made a motion, seconded by Pence, to reconsider the plans which were approved by the board, and for the architect to draw new plans, which was carried. The board took five minutes recess to examine sketches.

Upon motion of Mr. Pence, seconded by Dean, the new plans were accepted, providing for a fire-proof

# Suits With Character

## EILERMAN'S CELEBRATED CLOTHES

Made Just as the Merchant Tailor Makes His Finest Suits.

The Eilerman Garments are designed and cut by the highest salaried designers and cutters that have graduated from America's best schools.

The collars and lapels of the coats are hand-shaped and filled, and have edges that are thin and smooth, and show a finished effect that cannot be produced by machine.

The waist coats play quite as important a part as the coats—though few clothes builders exercise the same thoroughness in their making.

The trousers of the Eilerman Suits are cut by hand—one pair at a time—and are exactly proportioned to accompany the size of coat intended. They possess an individual style and fullness of drape that stamps them as superior to the ordinary.

Every Garment we sell goes out with the name—"Eilerman"—back of it as a guarantee of quality and price.

Benediction, Rev. Kelly.

The campaign for a sober nation has reached the stage at which it demands the "unconstitutional surrender" of the iniquitous traffic in the souls of men represented by the demonizing saloon.

Therefore, valiant soldiers, fight on! Trust!

Victory will come. This country's going dry!

Following the sign of the cross faithfully.

Thy God shall lead thee through."

White Ribboners from nearby counties very cordially welcome for we will meet in an all day comradeship. Happily greet each other and pay homage due to our crusade mothers "for the tide is coming in," and in obedience to God's law the great law of human progress, it we are true to our trust, in a short time the waters of oblivion will cover the entire liquor traffic.
